TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions:

What idea from the message helped you the most?

Was anything in the message challenging for you?

Have you experienced an encounter with the Living Word, Jesus, in your reading of the written words of Scripture?

Whether uniquely memorable or small-scale and quiet, what could you share with your group about times of breakthrough in Scripture?

How would you describe the difference it makes when we read the written words of Scripture through the lens of the Living Word, Jesus? Do you have personal experience of having interpretations or understandings challenged by a Jesus hermeneutic?

What obstacles to breakthrough do you see in your own life or in the lives of those you know and love?

Looking at those, how might God be inviting you to be a lineman, blocking obstacles so that the Living Word can break through to you and others in the written word?

How will you invite Jesus to stay with you this Advent season? Will you join your church family in the ways that we will practice opening our eyes to his presence with us (*First Night/Daily Advent Candle/Reading Luke together*)?

We're already a couple of months into life groups! Spend some time reflecting on the life group mission statement: "Having people to be a people for the sake of other people."
