

REFLECTION / DISCUSSION QUESTIONS

Reigning With Christ

Clay Jones, Sunday, February 1, 2015

1. Clay Jones, our guest speaker, is an associate professor at BIOLA University. What is BIOLA an acronym for? For extra credit, what city did BIOLA move to after leaving Los Angeles?
2. It has been said, “eternity will dwarf our suffering here on earth.” Do you think as Christians we can sometimes lose sight of eternity? Why?
3. Share a time when eternity came into perspective for you during a time of heartache, suffering, or hardship?
4. Read Ephesians 3: 7-11. Verse 10 tells us that God uses the church to make known the Lord’s manifold wisdom to those in heaven. Evidently, they are watching us here on earth (Hebrews 12:1). Did you know that you are a display of God’s grace? Are you conscious of this each day? Why or why not? How could you better apply this to your life so that you can more carefully show off His glory and wisdom?
5. Dr. Jones encouraged all of us that our “finest hour” was honoring God in the midst of the difficulties of our lives. Spend time in prayer this week for the people around you who you know are in the midst of hardship, suffering, heartache, etc.
