## TALK IT OVER

*Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions:*

What part of the message stood out to you the most?

How do you interpret Paul’s inclusion of being “watchful and thankful” in Colossians 4:2? Why do you think Paul used this language?

Why do you think prayer challenges us to consider who we are becoming?

How do you handle long period of silence? Do you see value in the incorporation of silence into your prayer times?

Would you say that your times of prayer or more “you-centered” or “others-centered?” How do you feel about this?
