TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions:

What thought from the message was most helpful to you?

How have you seen God work through your weaknesses?

How has God reassured you even though you felt overwhelmed by what you were facing? In what form(s) did that reassurance come?

How do you see God using you today, even though you don't really feel completely ready? What do you hope God develops in you through that?

In what way do you sense that God may be inviting you to get up and get going? What will be the biggest challenge if you do this and what do you need to trust God for?

How does *doing things for a great God* change your perspective?
