TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions.

Have you ever found yourself seeking an "arrival moment?" What was that moment, and why did you think life would get better or settle down afterwards?

Do you find yourself regularly comparing yourself and your accomplishments with the people around you? Based on your response, why do you think that is?

Who, in your life, appropriately models presence? If you can't think of anyone, what does it look like or mean to be present?

Consider the people in the room with you now. In what ways have you seen them grow in their faith in the last several months?

Describe a person who has helped you get to where you currently are. This can be in your career, in your faith, in your schooling, in your family, etc.

How might implementing a spirit of gratitude shift your perspective? What are 3 things or people that you are grateful for?
