TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions:

Are you planning on joining the church-wide Financial Peace course starting on January 26?

What is something you just had to have? Did it bring the contentment you desired?

Do you believe there is a healthy amount of debt you should carry? Explain your answer.

Do you think as Christians we should desire to have nice things or improve our situation? How does this fit with the idea of contentment?

What thought from the message was most helpful to you?
