

TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences.

The promised land was never really about

It was about living _____
with the _____,
Gen 12:1-3; 17:13; Ps 42:1; John 14:5-6

It's easy to think that if something's _____ it
must be _____. Num 14:9; 2Tim 4:7

We can become so focused on the _____
_____ that we miss the _____
_____. Ps 84:10; Pro 8:34

What thought stood out most to you in the message?

What differences do you see in "The Promiseland" and the
"The Promised Land?"

When have you been in a difficult situation that you wanted to
quit, but you persevered through it? In what ways did God
sustain you? What good outcomes resulted because you
leaned on God through it?

When have you missed the moment you were in because you
were focused on the future, or the past? How could you lean
into God more the next time something like that happens?
What difference do you think that will make?

What questions do you have about the land promised to the
Israelites?
